

## DIRECTIONS TO FORT COLLINS (FOOTHILLS UC)

### DIRECTIONS FROM COLORADO SPRINGS AND POINTS SOUTH

Take I 25 to Harmony Rd in Fort Collins. Take Harmony Road west to Shields. Right on Shields to Drake. Left of Drake to the church. The original archived trip directions say turn right just before you see the church, but it's generally easier (and more possible) to turn right just after you pass the church and come around. The church is on the right. Probably 2.5 hours

It would probably save MUCH time and cost about \$9.00 (in quarters makes the process pretty automatic) to get to Foothills UU in Fort Collins to take the E 470 toll road and avoid I 25 in Denver altogether. It'll take you off on the south end and deposit you back on I 25 well past Denver.

### DIRECTIONS FROM METRO DENVER

Take I 25 to Harmony Rd in Fort Collins. Take Harmony Road west to Shields. Right on Shields to Drake. Left of Drake to the church. The original archived trip directions say turn right just before you see the church, but it's generally easier (and more possible) to turn right just after you pass the church and come around. The church is on the right.

### DIRECTIONS FROM BOULDER

Take either US 287 or I 25 to Harmony Rd in Fort Collins. Take Harmony Road west to Shields. Right on Shields to Drake. Left of Drake to the church. The original archived trip directions say turn right just before you see the church, but it's generally easier (and more possible) to turn right just after you pass the church and come around. The church is on the right. It takes a full hour from Boulder with no stops, traffic or opportunities to get lost. I'd probably allow an hour and 15 minutes at the very least.
